“ I had the pleasure of being Mark's sister's friend through college and beyond until LuAnn's untimely death, so he has always been my dear little brother. I had the joy of meeting Linda when they revisited Florida & I reconnected with Mark after decades of wondering where & how he was. I discovered he was living a joyous life with the love of his life, who I'm positive his sister would have loved as much as I did! I was so looking forward to watching those two eat buckets of crabs at Phillippi Creek in Sarasota again this year, obviously more Mark than petite Linda. Along with all who were fortunate enough to know Linda, she'll be sorely missed. I'm grateful to Mark for introducing me to his wonderful wife, a woman I'll never forget.

“ I, Shelley Droz had the pleasure of working with Linda for 11 years. She was a treat to spend so many hours with. She loved working and treated the shop like it was her business. Always a kind word, a joke, or reminding me of something not to forget. Everyone that came into contact with her loved her. Including me. I will think of her daily, quote her funny lines, and never forget her. What a wonderful woman, who always had my back. Will never forget her.

“ I have just lost a beautiful friend this hour. A strong, loving wife, Mother, Mother-in - Law, Grandmother, and Fur-Babies Mom. A true friend to all who had the pleasure of knowing and being with her. She went way way out of her way to make you feel part of her family, make you laugh, listen to you, give you remarkable advice and just love you unconditionally. You will be in my heart and on my mind each and every day forever Linda...Be at Peace now and you will forever be our shining star

“ Liinda was one of the kindest and funny people I have ever met. I wish I would have know her longer. She raised a wonderful son and has a great daughter in law. Mark, you are one special man to have married a wonderful lady. She will be missed.

“ As adults, even the closest of relationships can drift apart ... marriages, children, work ... But the first 25 years belonged to us... the secrets we shared ... the summers we spent at her house when mine was unbearable, where I learned where babies come from and how to shave my legs... later, the apartment we shared in New York; Linda returned to Pittsburgh and I chose to stay ... My "Aunt" certainly and the sister of my heart. What I would give to have the time back we were out of touch. Telling jokes with Eddie right now, I'm guessing
