“ Lynn, Albert, Jenny and Matt,
We were so sorry to hear about Big Al. We all loved him. He always made us laugh whenever we were around him. He was definitely one of the good ones. I'm sure Anthony was there to greet him with open arms. I hope you know you are all in our thoughts and prayers.

Growing up with Dad was very difficult at times but he was also one of the most compassionate and loving people I have ever known. He would literally give you his last dollar to make sure you had what you needed. He was a very skilled artist but was always so modest about it. He was also very creative and made things and was handy. He prayed to God everyday. I am relieved that he is no longer suffering.

*Albie, I can still see your smile, hear your laugh...
I'll treasure those, and all the 60's memories of riding around in the
Corvair. Laughing and taking 'nowhere roads' with the windows down,
even in Winter.
You are one of the best souls ever!
Rest now and look for me later on down the road. I love you. Leslie
You kids had the best man to call Dad/ Grandad. He'll be looking out
for you still...*
