“ *My Uncle Tony was loving, caring, funny, entertaining and had the best stories to share around the dinner table. Since I was a child in Barrington, Illinois, I always wanted to spend more time with my Uncle's, Aunt's & cousins in Pittsburgh but only saw them twice a year. Those holiday visits were the best times with my family and I will never forget all the love and laughs we shared. Uncle Tony, I love you, I miss you and I have so many fond memories of you breaking into a Perry Como song and commanding an audience. You were the best in my eyes and you always treated me like gold. I know you are no longer suffering and have reunited with the family members that have gone before us. Rest in peace dear uncle. Until we see each other again. Love, Bess*

My Uncle Tony was very loving, caring, thoughtful and kind. He always had a way to tell a story and no matter how many times the story was told you always wanted to hear him tell the family tells during holidays and family gatherings. What my uncle also had was a love of reading. He was an astute history buff. He had many Churchill books and was always well read. I miss his wit and and his charm. Rest in peace. Love. Dom Jr.
