“ *My heart goes out to the Kuban family and to Bre and Ollie for your unimaginable loss. Anthony was such a kind soul and 39th Street will never be the same without the sound of his skateboard, laughter and smile.*

“ *I loved my baby brother so much! I can't believe this is real. He was so loved by so many people. He was always the first one I wanted to see anytime I come up from Delaware to visit. I remember holding him as a baby, we all helped raise him. He got a lot off of his chest when I was here this past 4th of July, But in the end it wasn't enough. My life will never be the same without my baby brother! I love you so much Anthony! You will never be forgotten.*

“ Anytime I needed help he was there to help to help. When I was to sick during chemo to cut my grass & take out the trash he did it every week for 2 years. No complaints every week he showed up did it without me asking.

When he was little he had this Harley Davidson bicycle he looked adorable one it. I don't ever remember him getting in trouble or really even raising his voice to much. He was a little brother to all the older kids.
