“ Aunt Carol, it goes without saying our time together was like a roller coaster ride with plenty of ups and downs and curves along the way. And, the same as a roller coaster our ups and downs were over before we knew it. Since your passing the many memories you left behind have flooded my memory bank from "Me and My Teddy Bear," to dance classes Saturday mornings with Carolyn Howe. You gave me my very first and second job and without fail continued to teach me how to succeed in the business world. From crossword puzzles, to how to keep a "CYA" file, you always encouraged me to do my best, and when I made the decision to relocate to NC it was you that wrote letters weekly to keep me abreast of what was happening back home. Your strength, take charge attitude, and testiness will not be forgotten. You fought a good fight and to see you finally at peace was truly a blessing from God. It's going to take awhile to figure out what to do to fill the gap now that you're gone. No more grocery shopping or paying bills, no more conversations about Donald Trump or what the weather is going to be. I will miss you and will always carry the memory of you in my heart. Rest now, you deserve it. Thank you for the many memories you left me with....I love you.
