“ *I knew David as a child, as he seemed to often visit his cousin who lived on my block. I knew him from years of street games. I was his elder by 5 days and loved him for the gleam in his eye and the general joy he lived. He had that even as a 7 year old. We crossed paths a few years ago and I was thrilled to see these were still with him, and hear the gratified way he spoke of his family and the success of his business. I extend my great condolences to his family.*

“ *Now I have lost my friend David twice, once to the arthritis that became so debilitating he had to give up his business, and now to a much to early demise. He was a smart, no nonsense guy, and could be counted on at every step of the project. I'll especially remember him for his masterful, yearly and nearly single-handed electrification of the Shadyside Arts Festival and his legendary, trademark, out-of-level switch boxes. A few years ago, Charlese and I went to a showing of his artwork, and discovered, a creative side that I had somehow never seen in our over 20 years together - very impressive! Our sincere condolences to all.*

“ *Deepest sympathy to David’s family and friends. He was a very dear and lovely friend to me for many years. I will miss his ready smile, his generous heart, his energy, and his creativeness. He inspired me as an artist and was always there for me in good times and in hard times. I will miss him dearly.*

“ We first met David when we moved to Pittsburgh 22 years ago and he did the electrical work on our house. He was smart, had a good eye for aesthetics and made good suggestions. We used his talents over and over again through the years for various updates in our house. We had a connection from the beginning and liked each other very much. I appreciated his good heart and humanity. He was kind and giving. I'm sorry for his loss and send sympathies to his friends and family. Loretta and Bob Barone
