

Dennis Lee Fron

October 1, 1955 - December 6, 2023

Dennis "Denny" Fron, formerly of Ripley, OH, presently of the Pittsburgh region, passed away unexpectedly on Wednesday, December 6, 2023 at the age of 68.

Denny was the loving husband of 35 years to Susan E. (Hollerich) Fron. Together they traveled the United States sharing their love of camping, music and being pet parents to some very spoiled and lucky fur babies. He is survived by his in-laws Jim & Charlotte Hollerich; sisters/brothers in-law Joyce Crivella; Jim & Beth Hollerich; Kristin & Matt Sofran; and nieces & nephews Noah Sofran, Kylee Hollerich, Jenna Hollerich, James M. Hollerich and Addison Sofran.

Quiet and unassuming, Denny seemed to be a man of few words. However, for those he loved and cared for, he was a quirky, fun-loving and deeply thoughtful guy who was always ready with his quick wit and amazingly personal gifts. If he ever sent you a birthday card, chances are it was inappropriate and totally hysterical. Denny was one of those rare individuals who worked for one company for 36 years - working for GE in the Jet Engine aircraft division outside of Cincinnati, Ohio. He and Susan decided to start a new life in Pittsburgh following his retirement, to be surrounded by the family they loved.

Denny was a terrific uncle who loved to tease the kids while also providing them unique gadgets and survival tools to endure their college experiences. He will be forever remembered for putting on the best fireworks displays and

being their first fishing instructor.

A celebration of life for Denny will be announced at a later date.

“ *I met Dennis through work at Leblond Mfg back in 1974. We became close friends, fishing buddies, working on hot rods, motorcycle riding and we were roommates three different times before we settled into marriages. My ex wife introduced Denny and Susan. Like many folks, we got more focused on our own families in more recent years, but I loved Denny like the brother I never had. RIP, my friend. Hugs to Sue, I cannot imagine your loss.
