“ Paul and Susan and Doug's friends & family, I was very sad to learn of Doug's passing. We were best friends all through our years at Dorseyville and Fox Chapel, and kept in touch over the years. I can't count the number of times we went skiing together, or the number of concerts we enjoyed, or even just the times we hung out to listen to music and talk.

I first met Doug when we were both on the Dorseyville soccer team. I remember Doug's trademark headband. I'll never forget how hard he played as a defender, always getting in the mix. I still remember that Doug had not one, but two own-goals during one season, that's how aggressively he played defense, he got in the mix so often, that twice the ball came off his foot and into the goal! But he saved many more goals than that!!

I remember one time Doug and I were skiing at Hidden Valley, and had just got on the chairlift. I asked if he was ready for me to bring the safety bar down, and I thought he said yes, so I brought it down, unfortunately it smacked his knee and he was in pain the rest of the day! In fact, he never forgot the safety bar incident, and would remind me of it many years later!

Doug knew quite a lot about many topics, and was always ready to vigorously defend his opinion, but also he was a generous soul, who would go way out of his way to help his friends. During the past few years, I visited Doug during the months when he was walking everywhere, and he had really gotten fit, having lost a lot of weight and was looking good.

I always remember Doug's kindness to animals as well, and it was always a happy thing to visit Doug, and to have his dog greet us!

I'm sad that I won't be able to visit Doug and reminisce about those glory days anymore, but I'll always have those memories to laugh and smile about.

RIP Doug! 🙏🕊️
