“ *Dear Nancy, Ed and Carol,*

Even if Sis had a long, full life, it is still never easy to say goodbye. My fond memories of your mother stretch back so far that I wouldn't know where to begin in celebrating her life ---she was such a delightful part of mine. Sis was always there with her warm smile and engaging way as I grew up in our old neighborhood---and beyond, when I came back often with my own children. Sis will be sorely missed, but she'll also live on in our hearts forever.

*With deepest condolences,
Ted Rectenwald*

“ *Mrs. Kelly was a long-time neighbor and friend. I will always remember the many "over the fence" talks, discussions and information sharing sessions! After moving, I missed the comfort of having a next door neighbor who was ALWAYS there! She was always on watch for us and the neighborhood. God bless you, Mrs. Kelly. Now our Mighty God will keep you in His arms!*
