“ *When Horace was in NYC, we met and we had the easiest time talking and laughing.*

*But most of all what I remember about him was his kindness, a gentle giant.*

*He helped me through sickness and the worst period of my life as a real friend*

*I will always be indebted to him and remember him with the utmost of respect, love and deep gratitude. RIP Horace, you are greatly missed and will always stay in your loved ones' hearts.*
