“ Dear Jay. I'm sorry to see your time on earth is over. You were nice to me back in 1981 and tried to show me the way. I'm glad we stayed in touch.

“ Jay, Knowing you for the past 57 years hasn't been long enough. You entered my life at a time when I needed a solid mentor and that's what you've been to me. I and many of your friends and acquaintances will miss you, but we do so with the knowledge that the music audio and your words where you are will always be bright, clear, and always in sync because of your care and talent. As it was on Earth.

I met you as my next-door neighbor sixty-three years ago, Jay, on Joan Drive in Penn Hills. Through you I saw my first Corvette up close. Your voice was so wonderful and I can still hear it in my ears! Your knowledge base was so huge! And, you cared so fervently about so many things. Thanks for coming to my PR class about thirty years ago at 30 Rockefeller Center! RIP Jay.
