“ Ma, I never knew you as Kathie. I always knew you as Ma. Even though you weren't my mom you were still an amazing woman and mother to have walked this earth. Thank you for always reminding me just how much I'm worth and how much I can succeed. Really regretting not doing that dinner sooner! May you rest in peace and not be hurting anymore ❤️ WE love you Ma!

“ Ma, we miss you soo much! I'm so blessed to have gotten so many years with you being my mom I never had. Having your granddaughter on your birthday is such a blessing. We will forever celebrate your life everyday but especially on the birthday you both shared together, that day will never be the same without you. “The world changes from year to year, our lives change from day to day, but our love and memory of you, shall NEVER pass away” until we meet again 143 forever <3

“ *Momma. This day we went to the casino - me you nana and Jamie shared Mother's Day playing slot machines and eating buffet. I had to convince you both to get out and do some gambling. The picture of you and Jamie will forever remind me how much fun we had that day. I don't know how I'm going to live without you. You were truly my best and only friend. This is not goodbye this is see you later.*
