“ Larry was our neighbor and friend and probably knew everything about Lawrenceville. He was usually on his front stoop and offered us greetings whenever we came home and expert plumbing advice when we asked. He was warm and friendly and would talk with our kids, who sometimes played with his grandchildren. We'll miss the calm presence of our kind and reliable neighbor and friend.

We wish Larry's family strength in each other and fond memories of Larry.

“ A year and a half ago when John and I moved in a few doors down from Larry, he immediately made us feel like welcomed members of the neighborhood. It always brightened our day when we could greet him and Tex and have a chat on the stoop. Life on 46th Street won't be the same without their presence, but we will do our best to carry on the warmth and friendliness that Larry brought to our little community in his memory. We send our sincere condolences to his loved ones.

“ Larry and I were "dog park" buddies. I always enjoyed talking with him and my dog COCO enjoyed his and Tex's company. We will miss him.

“ *Larry's steady presence on his stoop was such a ray of light on this green earth. His words of encouragement were a comfort to come home to at the end of the day, and his joyful approach to life will always be an inspiration. Larry, there's no one else like you and you will not be forgotten.*

“ To the Cherillo Family,

My deepest sympathy. Larry and I were classmates at Immaculate Conception Elementary School in the Bloomfield area of Pittsburgh. I remember vividly that he had a spirited way about him that made things funny at times, always putting the class in a good mood. We were blessed to have him as a classmate.

Eternal rest grant unto Larry o Lord and let Your Perputal Light shine upon him.

May he Rest in Peace. †
