“ Linda was a good friend of mine in high school. She was sweet and trustworthy—we celebrated, commiserated and shared secrets that teen girls share. She meant a lot to me. We lost touch after high school, but we re-connected at our high school reunion. Shortly after, she became ill and she fought hard to get well. Our memories live on and, eventually, the pain of those memories with missing our loved one will be replaced with a smile and peace in our hearts. I will continue to pray for all the family. and, particularly Jim. Linda is at peace now with no more pain. God bless you all.

“ My sincerest condolences to Linda’s family and friends. I met Linda on Facebook through a music group and became friends. I am glad I got that chance to know her. There are some friends that you meet only on line but feel as if they are part of your family. Linda was one. Although I didn’t know that she was that ill I missed her posting and thought of her often lately. Although Linda will not be around us physically she will be in our thoughts and I won’t remove her as a friend because I want to still have her picture as a reminder of such a beautiful person. Prayers
