“ My deepest condolences to the family. Lori was truly a pleasure to work with and to talk to. She always took the time to provide clear explanations and offer support. Her warm and wonderful personality will be greatly missed.

“ Yet another person from UPMC who's life was enriched working with Lori. As I read these comments, I doubt she realized what a force she was and what an impact she made on so many.

“ *Lori was one of a kind. She was tuff when she needed to be and so kind. She was my supervisor at UPMC Revenue Cycle for a time. She always supported my artwork and loved to see new things I created. I will miss you Lori. I hope you have the peace you deserve. Till we meet again.*

I started at Shadyside Hospital with Lori 36 years ago on December 4. I'm sorry we didn't know sooner that she was in the hospital. I would have reached out sooner. I will miss her voice, her laugh, and her calling me ' little one'. Miss chatting with her. So happy that she enjoyed life with her family and friends. Love you and miss you.
