

Mary S. Kostalos

April 4, 1944 - June 23, 2022

Mary Schlitt Kostalos

Born 04/04/1944 passed away unexpectedly on 6/23/2022. Mary was a kind and generous soul who lived her life without fear. She was laid-back and quietly intense. Always curious about life and nature, Mary spent most of her life outdoors as a nature nerd and accomplished ecologist. Mary spent much of her professional life as an educator at Chatham College. She loved beings large and small and gave grace to those who would not have found it otherwise. Mary was loved by people from all walks of life and most of all by me. It is difficult to convey everything she gave to this world, but she was the love of my life. Though long-time partners we only married recently. I cannot see the future without her, but "Sometimes we just simply have to find a way" (Greta Thunberg) We will celebrate her life with all that loved her at a later date. For now, please honor Mary by being kind to each other. In lieu of flowers please donate to your favorite charity especially if the charity nurtures the earth or beings that cannot care for themselves. “ *She was our roommate at Chatham. Jean and I both loved her. We were in Pelletreau with Mary for 2 years. Linda Whitmyre was with us one year also. Splendid folks all.*
