“ My Dad, Bob Wisor Sr., was at Laurelview in the Alzheimer's unit. Michelle always took such good care of him and became a special friend. My Dad would wake up in the middle of the night and she would sit with him and give him milk and cookies. She was just the very best and a very special lady!! I loved being her Facebook friend and reading her posts and "keeping in touch ". God certainly must have needed another angel because that's exactly what she is!! My heart goes out to the family. You were truly blessed to have her...as was I and my family to have met her! I hope my Mom and Dad got to meet her when she entered heavens Gates! God bless you all!! Debbie Shingler and family.
