“ *I just found out that your Mother has passed. I've been calling and sending cards that has been returned. We had long talks on the phone and then nothing. I will miss her very much. She is now in a better place because I know she was suffering in many ways.. She was fantastic but never understood how great she was. She had a heart of gold. May she rest in peace. Love you Nancy.*

“ I'll always remember "camping" at Grandma Nancy's house (as I called it then), learning her "survival skills" (like leaving burners on for heat when it wasn't working), and the look on her face when the MTO hoagie she bought me in the middle of the night was nearly double what she expected it to be.

She did not have an easy life, and she was not always easy to understand or get along with.

But she was also one of the kindest people a stranger could meet. She would give you the shirt off of her back and talk your ear off while doing it. The world is not the same without Nancy in it. RIP Grandma.

“ The Barrett girls and Pittman boys were like family, growing up together in East Liberty living right around the corner from each other. We will all miss her. God bless her and God bless all of her entire family.
