

Richard J. Timmins

January 31, 1955 - October 11, 2023

In Loving Memory of Richard Timmins.

Richard passed away on October 11, 2023, leaving cherished memories and a legacy of passions close to his heart. A devoted Star Trek fan, he boldly embraced the adventures of the Enterprise, a reflection of his curiosity and imagination. Fast cars were his thrill; he lived his early years at warp speed, cherishing the power and roar of powerful engines. As time moved forward, he shared his racing stories with those closest to him.

Pymatuning Lake was his sanctuary, where he found solace in nature's beauty. Most profoundly, he adored Connie Mech; their love story was filled with commitment, support, and shared dreams. Although he never had children, he gained 15 adoring grandchildren through Connie. Richard leaves behind cherished memories, reminding us to live with passion, love deeply, and explore life's possibilities.

Preceded in death by his beloved parents, Irene and Earl Timmins, and his brother Earl, Richard now joins them in eternal peace. He is survived by his loving sister, Patricia McGurgan, who continues to cherish his memory. His nephews, Shaun and Justin, will forever remember their Uncle, who was larger than life to them while growing up. His great nieces and nephews Madelyn, McKenzie, Colton, and Grayson will miss him dearly.

In this time of grief, let us celebrate his incredible life, and in the spring, close friends and family will come together for a Celebration of Life to honor the light he shared with the world.

Rest in peace, Richard. You have touched the stars and left an indelible mark on our hearts. You will be forever missed and never forgotten.

Tribute Wall

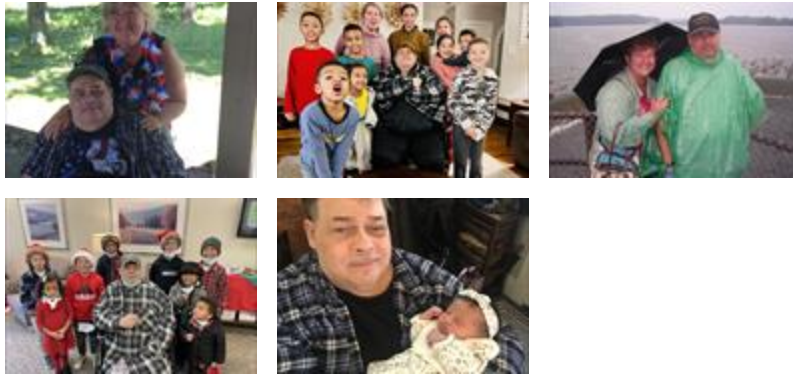

BH

“ *Richard was a man of few words, but he was consistent in his actions. Our family was blessed to have him in our lives and we will miss him greatly.* ”
