“ *Rose was my neighbor for 17 years. When
my garbage disposal wouldn't work, she gave
me a little L wrench and told me how to fix it.
Rose lived in the condo beneath me and I had
two different water leaks that found their way
to her condo. She never made a big deal about it. She was beautiful
inside and out. Strong, kind, considerate, helpful, funny and fun to
be around. She was a wonderful human being. I love Rose and will
miss her very much.*
