“ *My memories are consuming me because I was lucky enough to have so many with the best friend I could have ever asked for. We became best of friends when she was 19 & I was 21. I was there the day she found out she had breast cancer. It was a very sad day but we filled them with so many great memories. I don't think a day will ever go by that I don't think of her several times a day. Heaven is so lucky to have someone as wonderful & beautiful inside & out! I will always love Sherri & we told each other every time we talked. I can't wait to see her again 😭*
