“ *Sid was a veteran educator whom I know when he was a vice principal at Taylor Alderdice High School and I was Chair of the Social Studies Department. Unlike many PPS administrators, Sid understood, respected, and appreciated the faculty and demonstrated his collegiality in ways both great and small, invariably with unfeigned good humor and a friendly smile. In addition, he treated the students who were referred to him for disciplinary infractions with empathy and courtesy without succumbing to pandering. He was a remarkable educator/administrator and a true Mensch. I know that my former colleagues at TAHS join me in mourning his passing and sending sincere condolences to his family.*
