“ *I was so sorry and sad to learn of Sue's passing. Her time with us was to short. Sue was a wonderful person and truly a great friend. I will always remember the crazy and fun times we had throughout high school and after. Although miles separated us , our paths would cross at just the right time when we needed each other. Christi and Nancy my thoughts and prayers are with you both. We always think there will plenty of time but we know that is not always true. I will miss Sue and when I think of her I will smile knowing she is at peace and I will shed a tear because she will be missed. Alice (Fisher) Zuercher.*

“ *Nancy I am so sorry to hear about Sue. I just found out the s weekend. I hope you can find peace in the many memories you must have. I remember your house always had the best chocolate (from Germany). We had some much fun running all over Allentown. Love Leslie (Foote) Dillensnyder.*

“ I was saddened to hear of Sue's passing. Sue was a close friend in the later years of junior high school. Through the years we continued to find each other. Most recently, we reconnected on social media and chatted often.

I remember Sue fondly through the summer of 1975...hanging out on the west end of Allentown, spending all afternoon at Cedar Pool, then all evening together with the rest of the "gang". We had several crazy nights at the Allentown Fair, the Halloween Parade, Allen football games and Dorney Park. Some of the best years of my life!

All my love to Christi and to Nancy during this difficult time.

“ Hi Sue, Your funeral mass just began, and I so wish I were there. Sadly, I have the Royer legs, and walking is very difficult right now. Christi is being strong, but it's been so hard on her. I know you'll find a way to comfort her. I'd have given anything for us to have gotten together these past four years. I miss you with my whole heart. Man, did we used to laugh....at any & everything. No one really "gets it" the way you did. Please tell everyone that I said hi & that I'll see them eventually. I love you , Sue, and I know that you've found peace. Goodbyes hurt the most when the story wasn't finished.
