“ *My brother was one of a kind when they made him they threw away the mold. Growing up with him was never a dull moment. As his sister you know he was always pulling pranks on me and of course he would laugh hysterically after getting away with it !!!!! He was one of the kindest brothers any one could have. He would give you the shirt off his back if he knew you needed it more than him. I have so many good memories of him and will forever miss you Bill aka Chill as we called him in our family. I know that all of you are all up there celebrating Lord knows there are enough of you up there !!!!! I know that you missed your wife and your boys and life was never the same for you after they left you. So I am happy and sad that you will no longer be here with us. Until we meet again tell everyone we miss them as we will miss you.*

Love you

Jab and your sister Witchy !!!!!

“ *To my Uncle Billy, after my father passed away (Billy's brother), he became my surrogate father figure. Opening his heart and home after he had been through so much himself. He helped me bridge the gap of time I lost with my father, gave me advice on loss, put a smile on my face, emboldened me to keep my chin up. I've missed him over the years, but will never forget how he was there for me. Love you Uncle Billy!*
